Introduction

In 2011, Edmonton Community Foundation (ECF) granted almost $11 million to registered charities and students. These grants were created from income from permanently endowed funds and were made possible because of the generous support of donors, past and present.

Being an effective grant maker goes beyond cutting a cheque. ECF’s role in the community includes acting as a convenor and catalyst for change, acting as a sounding board, collaborating with other funders, and being a source of information about the charitable sector to donors and others.

In the following pages, you will find summaries of the grants and awards made in 2011 and descriptions of each of our grant programs. For more information on these grant programs or for more detailed financial reporting, please visit our website at www.ecfoundation.org or contact ECF.
Granting in Action

Community Grants Program

Through its Community Grants Program, ECF supports requests from charities involved in arts, culture and heritage; education and learning; human and social services; health and wellness; recreation and leisure; and the environment and conservation. Funded activities must demonstrate benefits to the greater Edmonton area.

Community Grants are funded from the income of our Community and Field of Interest Funds, for which the donors have given ECF discretion over allocation of fund income. Support is also provided through the Community Investment Partnership, through which donors provide support to particular projects from donor advised funds. Granting decisions are made by the Board of ECF, with input from volunteer advisory committees and staff.

Community Play Space Program

Community Play Space Program is a joint approach (originally between Clifford E. Lee Foundation and ECF) designed to enhance recreational and community building opportunities for children and their families through the development of community playgrounds and play spaces in the greater Edmonton area. Priority is given to projects in low-income neighbourhoods that have less capacity to raise the funds necessary to build playgrounds and play spaces.

## Foundation Directed Initiatives

Foundation Directed Initiatives support both new and existing long-term, high priority, charitable projects by offering multi-year funding to selected agencies with reputations for exemplary program delivery. FDI funding ensures a focus on the work at hand while avoiding the cycle of annual grant applications. Charities cannot apply for this funding program.
